ASHRIBAD BEHERA

Aspiring AI/ML Engineer | Computer Science and Engineering Student
Phone: +91 6372049656 | Email: ashribad654@gmail.com | LinkedIn: linkedin.com/in/ashribad-behera-69506a317 | GitHub: github.com/ashribad654

CAREER OBJECTIVE

Computer Science and Engineering student with a solid foundation in Python, SQL, and data analysis, and hands-on experience building data-driven applications. Seeking an opportunity as an AI/ML Engineer to apply strong programming and analytical skills to real-world machine learning and data problems, with a commitment to continuous learning in ML frameworks and applied AI.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science and Engineering
Aryan Institute of Engineering and Technology | Expected Graduation: 2027

TECHNICAL SKILLS

- Programming Languages: Python, Java, C
- Data and Machine Learning Foundations: SQL, MySQL, structured data analysis, dataset design - core skills for data preprocessing and pipeline work in ML projects
- Web Technologies: HTML, CSS, React
- Tools: Git, GitHub, VS Code, MySQL Workbench

INTERNSHIP EXPERIENCE

Python Programming Intern, EISystems Services
May 2024 - June 2024

- Completed a 4-week intensive internship in Python programming.
- Built a QR Code Generator application in Python, applying core programming logic and libraries.
- Strengthened programming fundamentals and problem-solving skills that underpin ML and AI development.

ACADEMIC PROJECTS

Retail Store Sales Analysis

- Designed and analyzed a retail database using SQL, applying CTEs, window functions, and subqueries to model and query data - the same data-wrangling skills used to prepare datasets for ML models.
- Generated customer and sales performance reports, translating raw data into actionable insights.

Hospital Patient and Operations Database

- Designed a relational hospital database and implemented views, stored procedures, and analytical SQL queries.
- Built reports on patient admissions, billing, and department performance, demonstrating end-to-end data pipeline thinking.

CERTIFICATIONS

- Python Programming Internship, EISystems Services

STRENGTHS

- Analytical Thinking, Problem Solving, Quick Learner, Team Collaboration, Time Management

LANGUAGES

- English, Hindi, Odia
